Subject: Letter re: Annie Khan

Dear Mr.. Papachristos,

Thank you for your kind letter regarding our Drug Laboratory chemist, Annie Khan. It is quite rare that someone takes the time to craft such a thoughtful letter praising one of our employees; especially someone as busy as an assistant district attorney. All the chemists in the Drug laboratory are dedicated and hard working. Even within that group, Annie is an all-star. She is a consummate professional - intelligent, conscientious, and incredibly positive.

Annie was equally impressed with your work ethic and desire to truly understand the technical issues involved. WE look forward to continued collaboration with your office.

Thanks,
Julie Nassif
